New York.

Dear Sir:-

I have been referred to you through Mr. Frank Scanlon, of Claflins, Inc. We have a stock of back numbers of the Proceedings of our Society printed on a very good quality of paper, a sample sheet of which is enclosed, aggregating at least half a ton. We have also about as much again of book paper of a much lower grade of course. Can you use these, and if so what would they be worth to you ?

Yours very truly,

Secretary.

Gentlemen:

Replying to your inquiry of the 18th about waste paper would say that we could use the printed sheet stock you offer if unbound at 75¢ and if bound at 50¢ per 100 lbs delivered here at our warehouse, any other grade of book paper you have that is free of ground wood would come under the above offer, and we remain.

Yours truly,

*Chase & Norton, Inc.*

Dear Sirs:-

Your letter of the 20th is at hand, and I thank you for the quotations you have given me. The difficulty of trucking the paper to your warehouse would more than eat up what you would pay us for it, and under the circumstances we shall have to see if we can not get some local firm to take it.

Thanking you for your courtesy, I am,

Yours very truly,

Secretary.
